

I only give
my name out
to the worthy.

Should you be
the victor of the
upcoming St. John's
tourney, I may
consider it.

Chapter Two: White Enchantress*

*Shakti = Goddess in person = Kali,
Lama = the white Holy one = female, white, pleasure.

...And how I was
all worried about
how to get a home
and furnace
for that upcoming
winter...

It is so kind
to offer me
the use of his
home!

My lord, thank
you for the offer!
I'll be delighted to
accept.

Don't play
the fool
with me!

Why is
he so mad?

Is it because I
didn't accept
quickly enough?

Catch!

Did you know
if you defeat a
knight you get
his arms?

Alright,
then-

Sir Knight,
shall we have
a proper go
at this?

You insolent
scoundrel!
I'll hack you
to pieces!

THUD

Look, I'm really
sorry about this
but I need a full
set of harness on
the Feast of
St John

I promise I'll
return it in good
condition

As if I would
give anything to
a whore's son
who doesn't
even know his
own father

Your mother
spreads her legs
just about for
any passerby

Get up,
knight.

Stand, and
make good
your allegations
with your
two hands.

There are
two now...?

Right, the Fear
de Lyst is Scabbiid on

Don't be soot,

you have a chance
to even the score

Just avoid him,
Agg, you're not
his match

Oh do as older

if your pride can
take it - Sir Galahad
here, he'll do your
job for you

I will kill
Lancelot for
mocking a

His, when he
defeated you
as less than
ten minutes!

Ladies to
your brother!

I will kill you
someday too,
for mocking me

Agravain!

I don't want
to hit upon
again!

Maybe if I'm naked
and by stabbing me
in the back, you foul cur!

What?

Leave him
be, Agravain

Lancelot's been
so naughty lately
I don't know
what's causing
on his insides
but it must be
something big

What's the use
doing now, riding
around in our land?

I think he's
looking for
someone

Your horse
is so fast
it's a wonder

I've looked everywhere
but I still
don't see her.

Maybe if
I take off
my helm...

...she'll
recognize
me?

We love you, Sir Red Bands!!!

Brother, I think
you should be
concerned about
your status as the
Maidens' Knight!

It's okay. Real
women prefer more
sophisticated men.

The journey was a repeat of the St John's journey from 7 years ago.

SWIPE!

A single knight, unarming all who stood him with impossible skill and precision.

It's Galahad. I'm certain of it!

Galahad kept sending me the signal due to a Crown Prince event if I missed he wasn't here but I'm a giant fool!

It is the worst under sleep. I let my nephew serve me as a stableboy for at least a year and a half without noticing.

Who cares about that fool?

More importantly, where is your wife?

She's been feeling poorly lately. There's too much pressure on Guinevere to give me an heir.

GRIP

Guinevere is a most dutiful queen.

But she tells me she made a promise to show up, so I'm sure she'll be here eventually.

My lord,

were you
speaking
of me?
